Chairman Judson called the workshop to order at 10:00 a.m. and welcomed everyone present. Mr. Atkeisson was asked to begin with a prayer.

The context of the workshop was based on: 1) achieving the College's vision of becoming a nationally recognized higher education institution and providing innovative career pathways and student-centered learning opportunities; (2) utilization of analytics from a predictive perspective rather than reactive; and (3) the need to put a model in place to accomplish both moving forward.

Dr. Fegan presented an analysis of the three primary sources of operating revenue: state appropriations, local appropriations (ad valorem taxes) and tuition and fees. Several scenarios for strategically basing educational costs for students were also presented. The workshop was for informational purposes only. No action or decision was made.

Trustees expressed appreciation for the work put into compiling the information presented. At approximately 12:00 noon, Trustee Aldama made a motion to adjourn the workshop and Trustee Atkeisson seconded the motion. The decision was unanimous.

Respectfully submitted,

Richard L. Aldama, Secretary-Treasurer
